

CS411 Weekly Report

Iron Team TasteBuddies

Weekly Development Report # 10

Performance Period: Wednesday 3/26 through Tuesday 4/1

Group Accomplishments:

-  Presented Demo 2
-  Met and discussed plans going forward

Individual Contributions/Accomplishments: (to be filled out by each individual)

Colette Woods:

-  Connected Reviews to dish detail page
-  Assisted with group match and tweaked tasteBuds page along with other minor edits
-  Fixed TasteBuddies matches algorithm so TasteBuddies appear if matched over a certain threshold.

Grant Fitch:

-  Backend Reviews implemented, reviews are saved to the database and displayed on the dishes.
-  Added Live Updates to the Daily Dish feed
-  Worked on live update filtering for daily dish feed, now only displays updates for restaurants that meet a match threshold and were not left by current users

Ashley Barasebwa:

-  Added image to group match page, made modifications to groupMatch.css file
-  Attended Prototype Demo 2 Presentation
-  Rehearsed Prototype Demo 2 Presentation with team

Ben Nissley:

Oronde Brown:

-  Worked on improving group matching logic
-  Working to connect to frontend

Nathanael Donald:

-  Tastebuddies on profile link to that user's profile
-  Moved live updates input box above restaurant hours
-  Moved live updates above restaurant about section
-  Follow and unfollow button
-  When someone follows someone else it appears in the daily dish till the user dismisses the notification

Issues/Concerns: Examples below...

CS411 Weekly Report

- 🍔 Need to fix sort for anything that has a search filter on it in the restaurants and dishes page (same logic)
